**STATEMENT REGARDING SUBSTITUTE PAPER COPY OF SEQUENCE LISTING AND CRF COPY OF SEQUENCE LISTING**

Dear Sir/Madam:

In response to a Notice to Comply with Sequence Rules, Applicant used the PatentIn 3.1 software for the United States Patent and Trademark Office to generate a hard copy and electronic copy of the sequence listing as required by the Notice.

Applicants' Attorney verifies that the paper and electronic listing are identical, both generated by PatentIn 3.1 and checked by Checker.

In our last submission, somehow the diskette was blank. The present diskette has two copies of the Sequence Listing. Applicant has opened both via WordPad and both are complete and identical.

Respectfully submitted,

Date: December 12, 2002
